Figure 1: A phylogenetic tree showing the relationships between 24 Japanese idol groups, categorized by their debut year (1980s, 1990s, 2000s, 2010s, 2020s). The tree is rooted at the top and branches downwards. The groups are listed on the left and right sides of the tree, with their names in Japanese and English. The tree is color-coded by decade: 1980s (pink), 1990s (blue), 2000s (green), 2010s (orange), and 2020s (purple). The tree shows that the 1980s and 1990s groups are more closely related to each other than to the 2000s, 2010s, and 2020s groups. The 2000s, 2010s, and 2020s groups are more closely related to each other than to the 1980s and 1990s groups. The tree also shows that the 1980s and 1990s groups are more closely related to the 2000s, 2010s, and 2020s groups than they are to each other.
